LIBERATE® is an uptake enhancing surfactant blend. **LIBERATE** is designed for use with pesticides that recommend a non-ionic surfactant.

Product Benefits:

- **LECI-TECH®** inside (To; On and In)
- 100% active spreader/penetrant contains soy oil derivative
- Odourless, low-foaming, neutral pH formulation
- Provides drift reduction, increased droplet adhesion, excellent penetration and deposition and is user friendly
- **LIBERATE** will not acidify the spray mixture
